DETAILED ACTION

Allowable Subject Matter

Claims 1-48 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or suggest the means for shaping and optionally polarizing the shaped and filtered excitation light received from a first one of said optical fiber channels in conjunction with the rest of the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Modlin et al 6483582, Modlin et al 6326605 and French et al 6317207.
